

*** * * * CLARIFICATION OF A PUBLIC NOTICE * * * ***

On January 31, 2006, a Public Notice was published for the United States Environmental Protection Agency's Proposed Prevention of Significant Deterioration Permit Revision for Knauf Insulation's fiberglass facility located in Shasta Lake, CA. The January 31, 2006, Public Notice stated that the Administrative Record for the proposed permit would be available for public inspection "at the address below." The Public Notice advised interested parties to contact Shaheerah Kelly at the contact information listed in the Notice for further information to review the Administrative Record.

Today's Public Notice clarifies that the EPA, Region 9, address for the location of the Administrative Record was listed above (rather than below) the paragraph describing the Administrative Record. In addition, the telephone number for Shaheerah Kelly was inadvertently omitted, although the January 31, 2006, Public Notice listed the correct email address and fax number. The telephone number for Shaheerah Kelly is 415-947-4156.

The clarification of this information does not extend the public comment period which ends on March 28, 2006, as provided in the Public Notice published on January 31, 2006.
